

**One-Day Only Hands-On
"Advanced Color-Mixing/Values"
Lecture by
Jerry Yarnell, World-Renowned,
Professional Artist**

Saturday – May 18, 2019

In this class, we will learn how to mix colors to create very unique subjects, plus we will have a very thorough study on the process used to create depth with a graduated value system. This is a very fun,

exciting, and informative class for those of you who want to take your work to the next level of technical accuracy. Here's how this particular class works: we have allocated space and asked for your input on the workshop application, i.e., list a few objects or subjects that you have wanted to paint or have been trying to paint – but have had a difficult time creating the proper mixture. We will then put all your feedback together so that I will have a master list at lecture time to show the class how to properly make the mixture and properly use the mixture – including how to gray the mixture, change the value of the mixture and related applications. Example: If you need to know how to create a terracotta color to paint a clay pot or roof, I will show you how to create the mixture and properly use it. Also, special emphasis on how to properly compliment your paintings! I promise you will love this class!

Lecture Location: Yarnell Studio, 4658 W. Diamond Oak Dr., Skiatook, OK 74070, Phone: 877-661-4ART (4278). Map available from *About Us* area of YarnellSchool.com. **Do not rely on GPS.**

Cost for each 1-day Lecture: \$95.00 per person. If you plan to attend the lecture, you'll need to email or mail your application (**page 3 of this document**) and non-refundable, non-transferable registration fee of \$95.00. **Classes have VERY limited seating – reserve your space ASAP!**

Class Time: The Studio opens at 8:30 a.m. for set-up. Jerry begins class at 9 a.m. or earlier if everyone has arrived. (Lunch 11:30 – 12:30); class ends at approximately 3-4 p.m.

Transportation, Food & Lodging: Students are responsible to arrange their transportation, food, and lodging. Sleeping rooms are available at various locations in Tulsa and nearby Owasso as well as the **Osage Casino in Skiatook (5 minutes from the Studio)**. Students of Jerry's

can request the 'Yarnell Studio' sleeping-room rate by calling toll free 877-246-8777 for Sun-Thursday hotel rooms. Use code CORPLAT. Note, our hotel representative indicates the rate may not be available for Friday/Saturday rooms, as these nights are considered "weekend." The discounted rate includes a complimentary breakfast! A lodging list is available from the *About Us* page of our website. We offer a \$5 cash buffet for lunch which includes your sandwich, chips, dessert, drink, and normally extras (like whatever Jerry feels like making that morning). You can also bring a lunch if you prefer.

Art Supplies Needed: An all-purpose sketch pad, sketching pencils, kneaded eraser, and note pad. We have all supplies available for purchase, and of course our full art-supply store will be available for any extras you'd like to pick up while here.

Traveling Companions/Pets: Due to the extremely limited seating space at the Yarnell Studio, we do not have room or accommodations for pets, children, or accompanying spouses/friends. **Please do not bring pets to the Studio.** There are several areas nearby to visit during the day (museums, antique markets, shopping malls, Casino), and traveling companions of our students usually take advantage of those opportunities while you are busy having FUN here.

Art Critique: You are welcome to bring a few (2-3 maximum) pieces of your own artwork for critiquing. Jerry prefers critiquing original artwork versus photographs – but realizes travel may preclude some of you from bringing originals. Good quality photographs will suffice; but please, if you are bringing photos in an album, **please select only 2-3 from your collection for critiquing.** Jerry will critique your artwork at the conclusion of class or otherwise when he indicates he is available to do critiques. *So that Jerry and the Yarnell staff can focus on student assistance and lecture readiness, Jerry will not be critiquing on Saturday morning.*

Now easier than ever to differentiate Jerry's site from all those entities using his name – simply look for Jerry and Donna's photo!

Jerry Yarnell and the Yarnell Studio & School of Fine Art, LLC is not affiliated with Company "Yarnell Art" or its website.

YARNELL LECTURE REGISTRATION
